## INDEPENDENT AUDITOR'S REPORT

to the heads of the LEONHARD EULER INTERNATIONAL  
CHARITABLE FOUNDATION FOR MATHEMATICS –  
“THE EULER FOUNDATION”

### **Opinion**

We conducted an audit of the attached annual accounting (financial) statements of the auditee, (OGRN (Primary State Registration Number) 1067847306416, address: Office 5n, Lit. A, Tobolskaya St., 194044 St. Petersburg, Russia), comprising of accounting balance as of 31 December 2020, report on financial results, supplements to accounting balance and report on financial results, including report on targeted use of funds for 2020, explanations to the accounting balance and to the report on financial results, including basic points of accounting policy.

In our opinion, the submitted annual accounting (financial) statements reliably show in all significant aspects the financial position of the auditee as of 31 December 2020, the financial results and cash flows for 2020 in accordance with the rules for preparation of accounting statements established in the Russian Federation.

### **BASIS FOR OUR AUDIT OPINION**

We conducted the audit in accordance with International auditing standards (IAS). Our responsibility in accordance with these standards is described in the section “Auditor’s responsibility for audit of annual accounting (financial) statements” in the present report. We are independent in relation to the audited institution in accordance with the Rules of independence of auditors and auditing organizations and the Code of auditors’ professional ethics, corresponding to the International code of ethics of professional accountants (including international standards of independence), developed by the Board for international standards of ethics for professional accountants, and we have carried out other duties in accordance with these requirements of professional ethics. We believe that the auditing evidence we have obtained is sufficient and appropriate to serve as a basis for our audit opinion.

**Responsibility of management and the members of the board of directors**

## **of the auditee for annual accounting (financial) statements**

The management is responsible for the preparation and reliable presentation of the annual accounting (financial) statements in accordance with the rules for preparing accounting statements established in the Russian Federation, and for the system of internal control which the management deems necessary for preparing annual accounting (financial) statements, free from any material misstatements due to fraud or error.

In preparation of the annual accounting (financial) statements, the management bears responsibility to assess the ability of the auditee to continue as a going concern, to disclose information in appropriate cases relating to its work as a going concern, and to preparation of statements on the basis of admission of a going concern, except in cases when the management intends to liquidate the auditee, to cease its activity, or when it lacks any real alternative besides liquidation or ceasing activity.

The Board of Trustees bears responsibility for supervision of preparing financial statements of the auditee.

### **Auditor's responsibility for audit of accounting (financial) statements**

Our goal is to receive reasonable certainty that annual accounting (financial) statements do not contain material misstatements due to fraud or error, and to release an audit report that contains our opinion. Reasonable certainty constitutes a high degree of certainty, but is not a guarantee that the audit conducted in accordance with IAS always detects material misstatements if they are present. Misstatements may be the result of fraud or error, and are considered material if it may be justifiably assumed that individually or collectively they may influence clients' economic decisions made on the basis of these annual accounting statements.

As part of conducting the audit in accordance with IAS, we apply professional judgment and retain professional skepticism throughout the entire audit. Furthermore, we carry out the following:

- a) we detect and assess the risks of material misstatements of annual accounting (financial) statements due to fraud or error; we develop and conduct auditing procedures in response to these risks; we obtain auditing evidence that is sufficient and appropriate to serve as a basis for our opinion. The risk of not detecting material misstatements due to fraud is higher than the risk of not detecting material misstatements due to error, as fraud may include conspiracy, forgery, deliberate omission, misrepresentation of information or actions to bypass the system of internal control;
- b) we gain an understanding of the system of internal control which has significance for the audit,

with the goal of developing auditing procedures corresponding to obligations, but not with the goal of expressing an opinion about the effectiveness of the system of internal control of the auditee;

- c) we assess the appropriate method for applying accounting policy, justification of accounting assessments prepared by the management of auditee, and according information disclosure;
- d) we make a conclusion on the rightful application of the management of auditee of going concern assumptions, and on the basis of auditing evidence obtained, we make a conclusion on whether there is significant uncertainty about events or conditions, which may cause significant doubts to arise about the ability of the auditee to continue as a going concern. If we come to the conclusion that there is significant uncertainty, we should draw attention in our audit report to the according information disclosure in the annual accounting (financial) report, or, if the according information disclosure is inappropriate, to modify our opinion. Our conclusions are based on auditing evidence obtained before the date of our audit report. However, future events or conditions may cause the auditee to lose its ability to continue as a going concern;
- e) we carry out an assessment of presentation of annual accounting (financial) statements as a whole, their structure and content, including information disclosure, and also whether the annual accounting (financial) statements present the operations and events that form their basis in a reliable manner.

We carry out information exchange with the Board of Trustees of auditee, which includes providing them with information on the planned scope and timeframe of the audit, and also on substantial comments on the results of the audit, including substantial shortcomings of the system of internal control, which we detect in the process of the audit.

The head of the audit assignment  
on the basis of which the conclusion  
was drawn up  
qualification certificate  
for general audit  
№ K028460 from 29.04.2008 for an unlimited period of time
